

**The industry leader in training services**

Enhance your skills, gain valuable new ones, and expand your professional opportunities

# **USE OF FORCE & DE-ESCALATION TRAINING**

## **Protect Your Officers and Institutions**

### **Let ACA Develop your Use of Force Curriculum**

#### **This training will:**

- Personalize a court-tested curriculum that will prepare your officers to gain compliance through de-escalation methods
- A common sense approach to subject control that emphasizes more control and less striking to gain compliance
- Evaluate, update and modify your current policies and curriculum
- Give you progressive training methods that are easy to apply and retain.
- Help you avoid unnecessary use of force incidents
- Assist in reducing officer injury and lost time
- Help you minimize negative public and legal perception

#### **The following courses can be taken individually or can be combined to fit your agency's needs:**

- Objectively Reasonable Use of Force and De-escalation Training
- Close Quarter Maneuvers
- Restraints Application
- Multiple Officer Response
- De-escalation Methods
- Ground Survival/Control
- Cell Extraction
- Chemical Weapons
- Edged Weapon Awareness
- Expandable Batons
- Less Lethal and Lethal Use of Force

### **Customized Training**

**ACA can customize your use of force/ deescalation needs by tailoring a curriculum to meet your agency's needs. Our training classes are convenient and flexible. Choose to have training on site at your training academy, at the ACA Headquarters or online.**
