

2009 Facility Tours offered by the Tennessee Host Committee

Sunday, August 9

Tour #S1 Capacity 20 people Depart 8:30am – Return 10:30am Correctional Development Center

The Correctional Development Center (CDC) houses 1,276 male and female inmates in a multi-security complex comprised of three buildings. It is home to the state-licensed drug and alcohol program, New Avenues, and also administers the highly acclaimed SAVE (Sheriff's Anti-Violence Effort) program to address domestic violence issues. Other programs of interest include animal-assisted therapy. The in-cell dog training program HEEL (Helping to Educate and Enhance Lives) is a cooperative effort with the local animal services center. Two buildings in the complex first opened March 2005. The oldest structure, built in 1997, underwent renovation in 2004. CDC is accredited by the American Correctional Association.

Presented by: Davidson County Sheriff's Office Correctional Development (CDC) Center & Corrections Corporation of America (CCA)/Metro

Tour #S2 Capacity 20 people Depart 8:30am – Return 10:30am Metro Davidson County Detention Facility

In 1990, the Metropolitan Government of Nashville and Davidson County contracted with Corrections Corporation of America to design, build, and manage the Metro Davidson County Detention Facility (MDF). Nearly 1,100 inmates are housed in four medium security units, four multi-security dormitories, one maximum security unit, and one special needs unit. The population consists of convicted male felons serving one – to – six year sentences. This facility provides comprehensive rehabilitative programs designed to meet the needs of offenders and assist in their successful re-entry into society. Among the many programs provided are addictions treatment, life skills, vocational, and educational programs. The MDF is accredited by the American Correctional Association.

Tour #M3 Capacity 25 people Depart 1:00pm – Return 4:00pm

Riverbend Maximum Security Institution (RMSI)

The Riverbend Maximum Security Institution (RMSI) opened in 1989, replacing the Tennessee State Penitentiary. RMSI's overall mission is to manage high-risk male offenders classified as either maximum or close security. RMSI houses the majority of Tennessee's inmates sentenced to death, and is tasked with carrying out that sentence in the manner and time ordered by the court, as well as a number of medium and minimum security inmates who attend educational programming or work in institutional support jobs. The prison also offers GED, Adult Basic Education, and vocational classes. The operating capacity is 714.

Davidson County Juvenile Detention Center

The Davidson County Juvenile Detention Center is an 86 bed facility that is operated by G4S Youth Services through a contract with the Metropolitan Government of Davidson County. The facility is located next door to the Tennessee Titans Football Stadium. It houses both male and female pre-adjudicated offenders, ages 12-17. The Davidson County Juvenile Detention Center is the first and only Juvenile Detention Center in the State of Tennessee that is accredited by the ACA.

Presented by: Davidson County Metropolitan Government and G4S Youth Services.

Tour #T3 25 people Depart 1:00pm – Return 4:00pm
Tennessee Prison for Women

The Tennessee Prison for Women (TPFW) serves as the reception and classification center for female offenders. TPFW houses (744) all security levels of inmates from work release to those under the death sentence. TPFW offers academic courses that include Adult Basic Education, GED, and vocational classes. TRICOR provides job opportunities through the Tennessee Comprehensive Assessment Program (TCAP) test distribution center and the TennCare hotline. Inmates also have access to a full range of psychological and treatment programs which includes substance abuse and sex offender treatment.
